Hello! Welcome to Class!

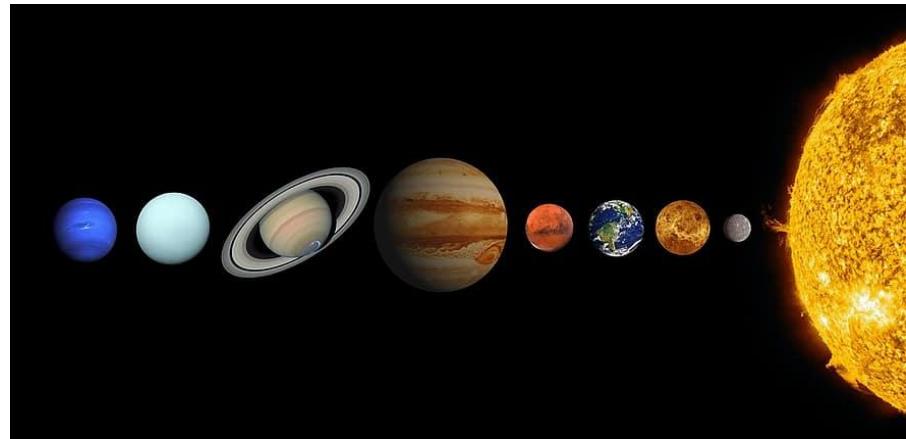

Reading

When I grow up, I want to be an astronaut. I like astronauts because they are very brave. They travel to space to study the stars and planets. They are scientists and adventurers.

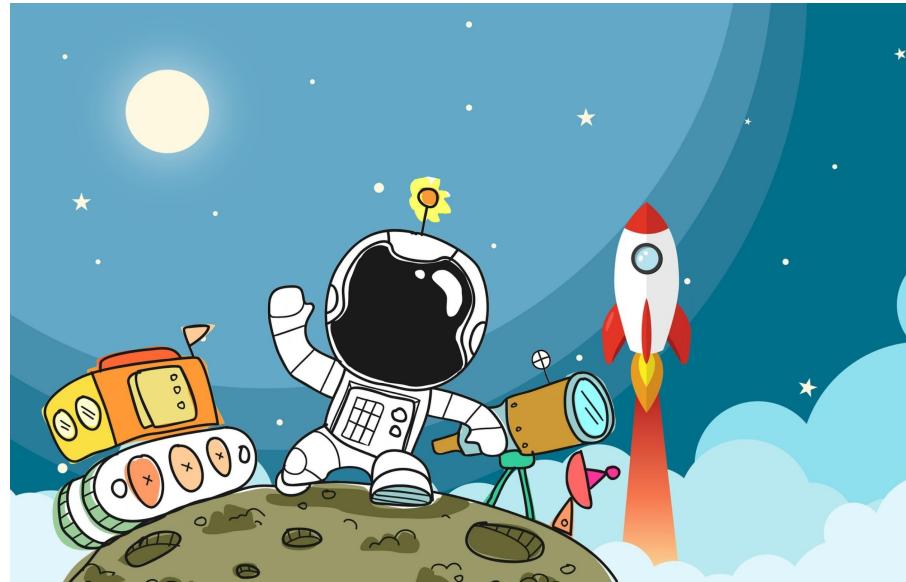

Reading

There are eight planets in our solar system. Can you name them all? The one we live on is called Earth. Astronauts cannot travel to other planets yet, but soon they might go to Mars!

Reading

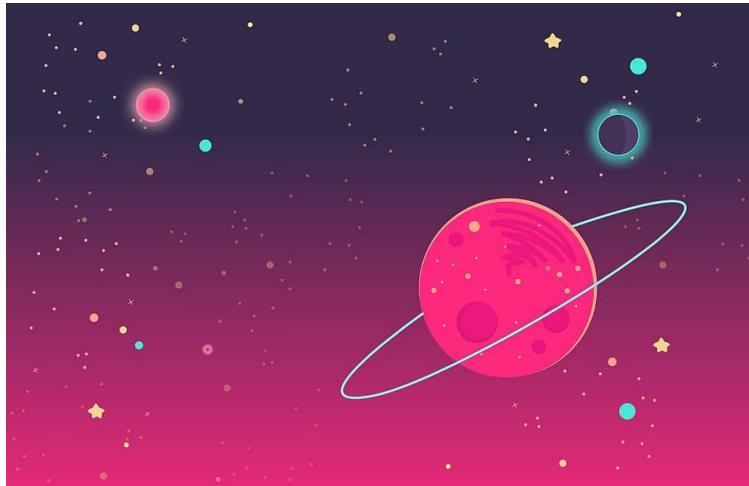

1... 2... 3... Blast off! Astronauts travel to space in a rocket. Some go to the moon. Some go to space stations, where they can do experiments to study space. I want to be an astronaut!
